NOTICE.

PUBLIC NOTICE is hereby given that the Government of His Majesty the King of Sweden and Norway purposes sending, in the summer of 1896, a balloon expedition to the North Pole for exploration in the interests of science. The balloon will convey a party of three Swedish scientists, namely, Mr. Salomon August Andree, aged 42; Dr. Nils Gustaf Ekholm, aged 48; and Mr. Nils Strinberg, aged 24. It is understood that the expedition will start from Spitzbergen in the early summer.

Accordingly, Her Majesty's loyal subjects throughout the Province of British Columbia are hereby notified in the premises and are requested to give the explorers, should an opportunity present itself, all the help in their power. If the balloon be seen only and no communication be had with the exploring party, it is requested that the following particulars may be noted and communicated either to a local newspaper

or to this office, namely, the day and the hour in which the balloon was seen, the direction of the balloon, and the direction of the wind.

Should any accident befall the explorers and should they arrive in any locality having lost the balloon, the inhabitants are asked to give them all possible assistance.

IN COUNCIL.

WHEREAS, owing to the lateness of the season, the depth of snow in the mountains is still very great, and thus prohibits many holders of claims on the higher ranges from performing the assessment work required by the Mineral Act during each year; and

Whereas it is desirable, with a view to obviate this difficulty, that an order granting discretionary permission to Gold Commissioners throughout the Province to extend the time for a period of sixty days for the completion of assessment work on such mineral claims as are at this date covered with snow and consequently inaccessible, be made,

On the recommendation of the Honourable the Minister of Mines,

His Honour the Lieutenant-Governor, by and with the advice of His Executive Council, and under the provisions of section 161 of the "Mineral Act, 1896," has been pleased to order, and it is hereby ordered, as follows, that is to say:—

It shall be lawful for the Gold Commissioners throughout the Province to extend the time for a period of sixty days, to date from the 17th day of July, 1896, for the completion of assessment work on such mineral claims as the Gold Commissioners have good cause to believe are at this time inaccessible, in consequence of the depth of snow which covers the said claims.

Clerk, Executive Council.

Be it therefore enacted by the Municipal Council of the Corporation of the City of Victoria as follows:—

1. The Collector of the Municipal Council of the Corporation of the City of Victoria is hereby authorised and directed whensoever taxes on any land or improvements or real property have been due for two years preceeding the current year, to submit to the Mayor of the City of Victoria a list (in duplicate) of all the lands or improvements or real property liable, under the provisions of this by-law, to be sold for taxes, with the amount of arrears against each lot set opposite to the same, and the Mayor shall authenticate such list by affixing thereto the seal of the Corporation and his signature, and one of such lists shall be deposited with the Clerk of the Corporation, and the other shall be returned to the Collector with a warrant thereto annexed, under the hand of the Mayor and the seal of the Corporation, commanding him to levy upon the land or improvements or real property for the arrears due thereon with his costs.

2. It shall not be the duty of the Collector to make inquiry before affecting a sale of lands or improvements or real property for taxes, to ascertain whether or not there is any distress upon the land, nor shall he be bound to inquire into or form any opinion of the value of the land or improvements or real property.

3. The Collector shall prepare a copy of the list of lands or improvements or real property to be sold, and shall include therein, in a separate column, a statement of the proportion of costs chargeable on each lot for advertising and for the commissions authorised by this by-law to be paid to him, and shall cause a copy of such list to be printed for a period of one month preceeding the date of such intended sale in some newspaper published in the City of Victoria.

4. The advertisement shall contain a notification that unless the arrears and costs are sooner paid he will proceed to sell the lands or improvements or real property for taxes on a day, a time, and at a place named in the advertisement.

5. The Collector shall, at least two months before the time of sale, also deliver to or deposit in the post office to the address of the owner of such property which is to be sold for taxes as aforesaid, or to the agent of such owner, a notice in writing of the amount of taxes due, and that the property is to be sold for the arrears so due, and in case the address of the owner or agent is unknown, a notice to the same effect shall be posted upon the land intended to be sold, and also, at least two months before the time of sale, post a notice similar to the above advertisement in some convenient and public places, that is to say, at the Council Chambers, Victoria, and in the Post Office Building, Victoria.

6. The day of sale shall be the thirty-third day after the first publication in a newspaper of such list, exclusive of the day of such publication, except in case the said thirty-third day shall fall on a Sunday or holiday, in which case such sale shall take place on the following day at the Council Chambers, in the City of Victoria, and shall begin at twelve o'clock noon.

7. If at any time appointed for the sale of the lands or improvements or real property no bidders appear, the Collector may adjourn the sale from time to time.

8. PROVINCIAL BOARD OF HEALTH,

BRITISH COLUMBIA.

RE CHOLERA.

Regulations of the Provincial Board of Health, approved by Order of His Honour the Lieutenant-Governor in Council dated 30th day of June, 1896.

WHEREAS the Province appears to be threatened with cholera during the present year, the Provincial Board of Health, subject to the approval of the Lieutenant-Governor, enacts the following Regulations:—

Interpretation.

1. "Health District" or "District" in these regulations means any district over which a Local Board of Health has jurisdiction, irrespective of the manner in which such Local Board is by law constituted or appointed.

Appointment of Officers.

2. On receipt of a notice, forwarded by registered letter addressed to the head of the Council of any municipality, or to its clerk, and signed by the Chairman and Secretary of the Provincial Board of Health, requesting the appointment of a Medical Health Officer, the Council of such municipality shall, within five days from the date of receiving such notice, appoint a Medical Health Officer, and make provision for reasonable compensation for his services, if such appointment and provision has not already been made. If the Council refuse or neglect to make such appointment within five days after receipt of such notice, the Lieutenant-Governor may, on the recommendation of the Provincial Board of Health or of its Chairman and Secretary, make such appointment.

3. Whenever the Medical Health Officer requires the assistance of sanitary police for the purpose of assisting in carrying out the health regulations in force in the district, he shall temporarily employ one or more persons as sanitary police until the proper authorities shall have appointed sanitary police. If the Medical Health Officer or the Provincial Board of Health require the appointment of any specified number of sanitary policemen then such number shall be appointed. Should the Council of any municipality refuse or neglect to make such appointments on the request of the Medical Health Officer such appointments may be made by the Provincial Board of Health.

Any title acquired shall vest in Her Majesty or the municipality, as the case may be. The Local Board of Health or the Medical Health Officer then shall, or the Provincial Board of Health may, immediately establish and maintain, at the expense of the Local Board, on said lands or in said buildings an isolation hospital and two suspect stations, one for the special purpose of observing persons suspected of having the disease, the other for the purpose of detaining under observation persons who have been exposed to infection, until the period of incubation of the disease shall have elapsed. There shall also be provided, at the expense of the Local Board, an ambulance and other necessary conveyances, and also a modern disinfecting apparatus for hospital and general purposes. The necessary number of physicians, nurses, guards and other attendants shall be engaged beforehand, to be in readiness to serve when required. The whole equipment and management of such isolation hospital and suspect station shall be such as to satisfy an officer of the Provincial Board of Health. The suspect station must be at least 150 yards from the isolation hospital, unless an officer of the Provincial Board otherwise allows.</p> |

Notification.

| | |

| By school teacher. | <p>9. Whenever a teacher in any school has reason to suspect that any pupil is suffering from cholera, or that cholera exists at the house of any pupil, he shall notify the Medical Health Officer immediately, and shall prevent the attendance of said pupil or pupils until medical</p> |

evidence that no danger of infection exists has been obtained. (*Vide* sec. 86, sub-sec. (3), "Health Act, 1893.")

10. When cholera is present in the Province, or there is imminent danger of its presence, any householder who knows that any person within his family or household has choleraic diarrhoea, shall immediately notify the Medical Health Officer. Choleraic Diarrhoea to be reported.

By Medical Health Officer to Provincial Board.

13. The forms supplied to be used.

14. The Medical Health Officer of every district, or any of his assistants, having received information of a suspected case of cholera, shall immediately inquire into the facts, either by consultation with the attending physician or by his own personal observation, or by both. If the characteristic symptoms are not sufficiently developed at the time of investigation, the Medical Health Officer shall keep the case under his own personal observation, at the special suspect station or elsewhere, until the true nature of the disease is discovered. Until the time has arrived when, in the opinion of the Medical Health Officer, all cause or suspicion of danger is past, the suspected case shall be isolated and otherwise dealt with in the same manner as prescribed for a case of cholera. The persons living in the same house or who have been in contact with the infected patient shall also be kept under observation. To be treated as true case.

Placard.

15. Where there is a case of cholera in any house, the Medical Health Officer shall forthwith cause a placard to be posted in a conspicuous place on the front of the house, on which shall be printed in large letters the word "CHOLERA," and which shall also state the penalty for the removal of such card without the permission of the Medical Health Officer. Exposed persons to be removed.

He shall further place, as soon as possible, in another building or tent, which shall be provided as already prescribed, all persons who may have been exposed to the contagion, and shall supply them with all necessaries until the period of incubation of the disease shall have elapsed; and no such person shall go or be permitted to go abroad until the period of incubation of the disease has elapsed, nor until the clothing or effects worn or carried by or with him or her have been properly disinfected. The disinfection of such exposed persons and their effects shall be carried out on admission to the said buildings, and again on departure, and shall be as prescribed in Schedule C.

Such attendant shall never enter the house, but shall take orders verbally and at a distance, and place at the entrance of the house everything he has been commissioned to purchase. The services of such person, as well as everything he is ordered to bring, are at the expense of the head of the house so quarantined, excepting in a case of known poverty, when these services, as well as the necessaries of life, shall be furnished at the expense of the Local Board. All such expenses may be recovered in a summary manner. 12. The Medical Health Officer of every district, or any of his medical assistants, having received information of a suspected case of scarlet fever or diphtheria, shall immediately inquire into the facts, either by consultation with the attending physician or by his own personal observation, or by both. If the characteristic symptoms are not sufficiently developed at the time of investigation, the Medical Health Officer shall keep the case under his personal observation until the true nature of the disease is discovered. Until the time has arrived when in the opinion of the Medical Health Officer all cause for suspicion of danger is past, the suspected case shall be isolated and otherwise dealt with in the same manner as prescribed for a case of scarlet fever or diphtheria. The persons living in the same house, or who have been in contact with the infected patient, shall also be kept under observation. To be treated as a true case.

Healthy persons may remove within six hours.

The Medical Health Officer shall also see that all the infected apartments, clothing and other effects be destroyed by fire, or otherwise thoroughly and speedily disinfected, and that no such apartments be entered or occupied by members of the family or other persons until they have been so disinfected. He shall afterwards see that the undertaker and other persons who have been in contact with the body are disinfected as prescribed in Schedule A or C, as the case may require, and that the hearse or waggon and funeral trappings be disinfected as prescribed in Schedule I.
